## Arrest Sabin in double murder

by GLORIA DAVIS

Dean Richard Sabin, 21, Salem, was arrested for the double murder of John and Donna Golden in their home in Paddock Lake on Sept. 4.

According to Kenosha County Sheriff Dan Piencikowski, Sabin was arrested at 6:30 p.m. on Sept. 9 at his aunt's home in Milwaukee.

The sheriff said Sabin was arrested because an empty 22 caliber cartridge found at the murder scene matched those that came from the same caliber rifle used when Sabin accidentally shot himself at his grandmother's home in Salem in June.

Sabin had been arrested for setting multiple house fires in Powers Lake in February. He was released when a judge threw out the evidence gotten by the sheriff's deputies when they arrested Sabin at the fire scene.

When Antioch High School Principal Art Blecke announced the death of Donna Golden, hall monitor, over the school's public address system on Sept. 5, the students observed the moment of honoring silence in shock.

Donna Golden, 43, who had worked at the school for 15 years, first in the cafeteria and then as a hall monitor, was a "mother confessor" to many of the students down in the Commons area where she was on duty, according to Blecke.

Her body and that of her husband, John R., 43, was found by one of their sons, James, 21, at 6:30 p.m., on Sept. 4.

The Kenosha County Sheriff's Dept. has all its investigators working on the case along with the State of Wisconsin Police investigators.

The spacious 10 acre Golden homestead, complete with swimming pool and horses, on 216th St., off of Hwy. 50 in Paddock Lake, has been sealed off during the investigation.

The sheriff has released no report that evidence showed robbery as a motive. Other unconfirmed reports are that the phone lines were cut and the son had to run to a neighboring home to call the police.

Donna Golden's body was found in the laundryroom. She had been shot five times and her husband's was found a short distance away in the recreation room with a rifle nearby. He had been shot eight times.

Kenosha County Sheriff Dan Piencikowski said that an autopsy report might confirm that they had both been shot in the back by a small calibre gun.

There was a pot of stewed tomatoes cooking on the stove.

John Golden had been a sheet metal worker both in Kenosha and presently in Skokie. He was an active member of the Kenosha County Sheriff's Posse and also an avid campaigner for Kenosha County Sheriff's Capt. Fred Eckornass who is running for sheriff.

The double murder sent a shock wave of fear through the well-to-do neighbors.

"I'm worried that some nut is loose in the area just shooting people," said one.

## Chamber introduces new logo

The Antioch Chamber of Commerce and Industry, is taking on a "New Look" as evidence by the new logo.

Don Marski, president, explains that the Antioch Chamber is continuing to move forward after completing a successful summer which included the annual golf outing, art fair and Maxwell Street Days.

Commenting on the new logo, Marski said that it reflects the feeling we all have about our community. The Chamber is looking forward towards the downtown revitalization program and plans on working very closely with the commission to insure its success.

"Antioch has so much going for it. We simply can't look at the negatives. We are in a transition era as are many communities. However, the tradition of Antioch is to rebound into an even stronger position. We must look at the positives and build on those," Marski said.

The Antioch Chamber Retail Group is working very hard on the Christmas promotion which will feature a Christmas parade to kick-off the festivities.

## Teen critical after cycle smashup

Darrell C. Thompson, 17, Antioch, remained in critical condition at press time from injuries suffered when the motorcycle he was riding westbound on Rte. 173 went out of control, skidded and flipped over 200 feet on the highway.

The accident occurred at 2 a.m., on Sept. 8, two-tenths of a mile west of Tiffany Rd. on Rte. 173. Thompson was taken to Victory Memorial Hospital by the Antioch Rescue Squad.

## Nab senior for child sex abuse

A 70-year-old "neighborhood grandfather" who lives in Oakwood Knolls has been charged with three counts of aggravated criminal sexual abuse against minors.

Henry Schmidt is out on bond and faces arraignment on these charges in Lake County Court on Monday, Sept. 17.

According to the police report kids in the area told their parents of Schmidt's activities that included bribing them with candy and money.

Parents then went to police asking for an investigation.

## Good news in The News

### To show film

Faith Evangelical Lutheran Church in Antioch will be showing a series of four films entitled "Marriage Enrichment Through Communication," produced by Fred Matzke and the staff of Wisconsin Lutheran Child and Family Service in Milwaukee.

The series of films will be shown on Sept. 23 and 30 and Oct. 7 and 14, from 7-8:30 p.m., with pauses for discussion built into the films.

Then on Oct. 21, at 7 p.m., there will be a Marriage Vow Renewal Service. The church is located on Rte. 83 in Antioch, two blocks south of the intersection of Rtes. 173 and 83. All married couples or soon-to-be married couples are invited. There is no cost, but a free-will offering will be taken to help defray the rental of the film.

Faith Evangelical Lutheran Church in Antioch has begun conducting worship services on Saturday evenings at 7 p.m. The services contain basically the same hymns, readings and sermon as the following Sunday morning. The services will run at least through September, October and November. At that time, the voters of Faith will decide whether or not to continue these services. All are invited to come and worship with us.

### Dental Assistants

The first meeting of the Lakes Area Dental Assistants' Assn. will be held on Wednesday, Sept. 19, at Sterbenz Little Acres Restaurant.

The meeting will start at 7 p.m., anyone interested in the dental field is welcome.

For any questions or reservations call Louise Stephens at (312)395-5241.

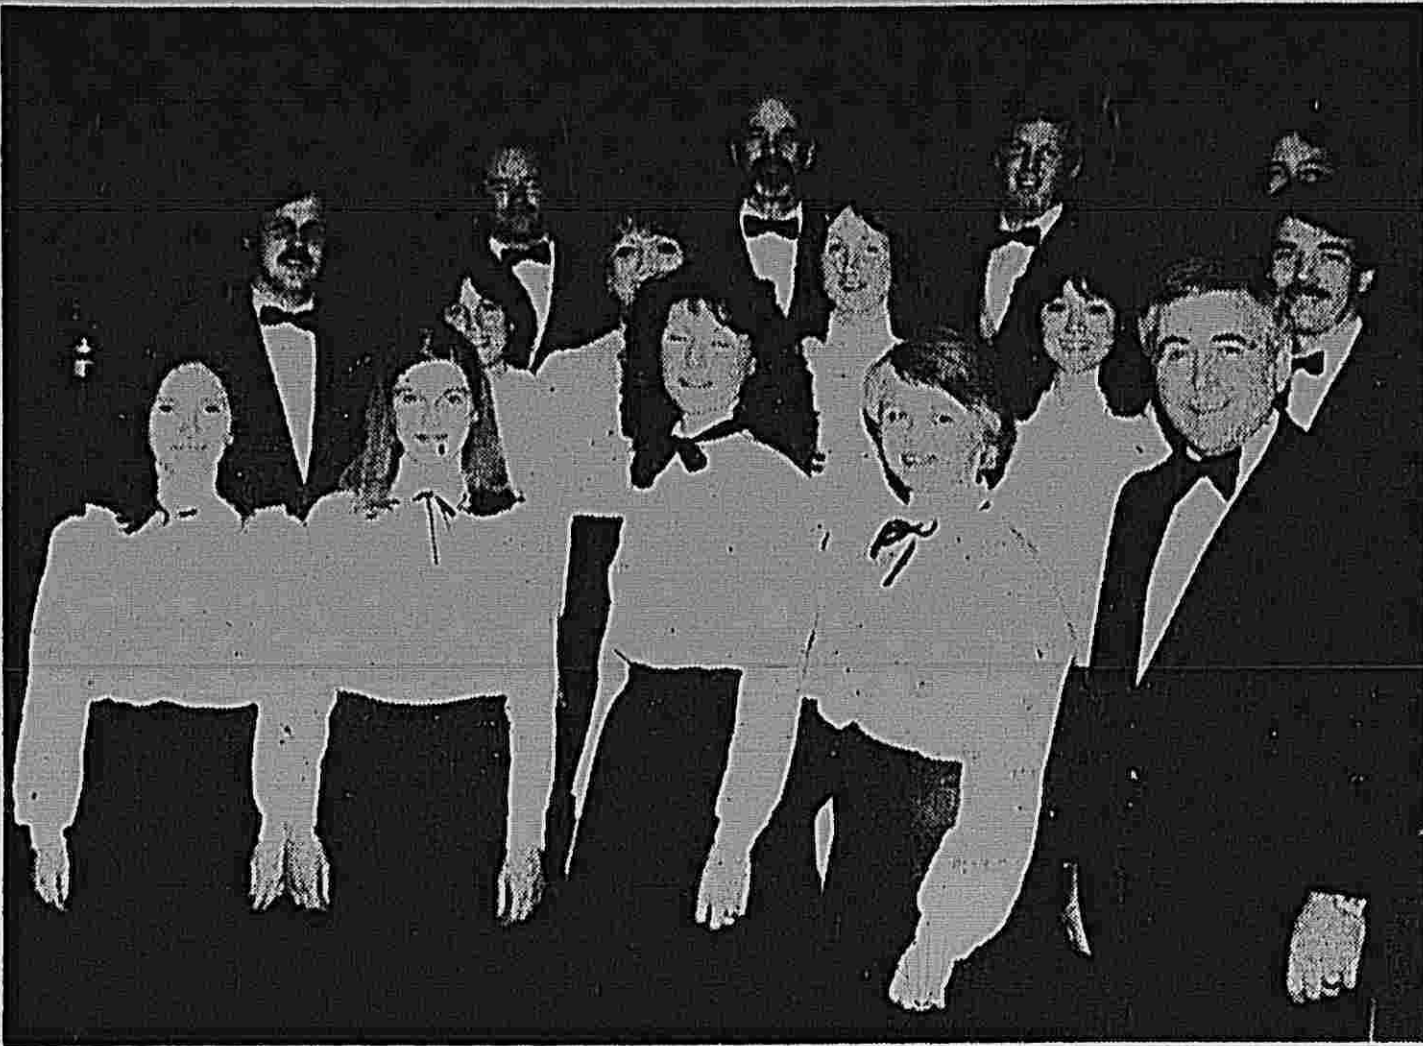

### Christian Life Fellowship

Christian Life Fellowship, 389 Lake St., Antioch, will be having special evening services, Sept. 18-21, at 7 p.m., and Sunday, Sept. 23, at 10 a.m. and 6 p.m., featuring the Lindsey Team, Rev. and Mrs. Lindsey currently pastoring in Harvard.

The Lindsey's have been in full-time ministry since 1958, which includes pastoral work in Mississippi, Michigan, Wisconsin, and Illinois; five years on the road in the evangelistic field; and, touring Egypt, Jordan and Israel.

Rev. Lindsey will be sharing an inspiring testimony of how he has been brought through two heart attacks and open heart surgery, and continuing to maintain a full time pastoral ministry.

Church To feature Chorale — Bill Misik, far right, will present his Lake Region Chorale in concert at the Antioch Methodist Church, at 7:30 p.m., on Sunday, Sept. 16. An evening of Baroque and Renaissance music will be played to benefit the local church music program.

## Lake Region Chorale to do Church benefit

The Lake Region Chorale, under the direction of Bill Misik, will present a program of Renaissance and Baroque music, on Sunday, Sept. 16, at 7:30 p.m. This will be a benefit concert for the United Methodist Church

of Antioch.

The concert will be in the 105 year old sanctuary of the church at 900 Main St. in Antioch. Donation will be \$4 per person.

The program will include music of such Renaissance

composers as Palestrina, Marenzio, Moreley, DiLasso, and Victoria. These men were considered leaders in the field of Renaissance.

The Baroque era will be represented by Johann Sebastian Bach's motet, "Jesu Meine Freude" sung in German. Harpsicord accompanist will be Molly Sedivec.

The Lake Region Chorale was formed three years ago to satisfy a need for an expression of Renaissance and Baroque music performed in an artistic fashion.

Director Misik noted that there were nearly 20 singers with backgrounds rich in choral experience on the high school and college level who shared the same attraction to this type of music. For further information call (312) 587-4668. Tickets may be purchased at the door.

## 120 bed nursing home may go to Lake Villa

by COLLEEN DEVRIES

Lake Villa Township could be the site of a \$3.25 million, 120-bed nursing home. However, Jack Pichler, senior vice president of operations at Victory Memorial Hospital, cautions that that day is a long way off and that many approvals must be gained before the concept becomes a reality.

Victory is considering erecting and operating the nursing home, and the hospital has submitted an application of need to the State of Illinois.

The plan must be approved by the planning committee of Kane, Lake and McHenry counties — Health Systems Agency, based in Cary. That committee is to review the plan in October, Pichler said.

The Illinois Health Facilities Planning Board will review it in November, he added.

Pichler said various boards and agencies have studied the need for nursing homes and have found a need in the northwest quadrant of Lake County.

He added that Lake Villa is an ideal location. Currently, Pichler is looking at property west of the Lake Villa District Library on Grand Ave. He said that location would be ideal because Grand Ave. intersects with the tollway and continues on into Waukegan and Victory Hospital.

The location also provides quick access to Rte. 83. He noted many older people reside in Antioch, which is north of Lake Villa on Rte. 83.

He also said a good, existing sewer system is needed for the hospital.

Right now, the hospital is only looking at the land in question, and no price has been quoted by the property owner. Pichler pointed out that if a price is not named soon, the hospital will look elsewhere in the Lake Villa area.

The land in question is larger than is actually needed for the nursing home, but Pichler said future plans could include other health care facilities at the site if a need is indicated.

"We would get opinions and establish need before moving in with other things," Pichler said.

Of course, all plans, including for the nursing home, are subject to the hospital board's approval.

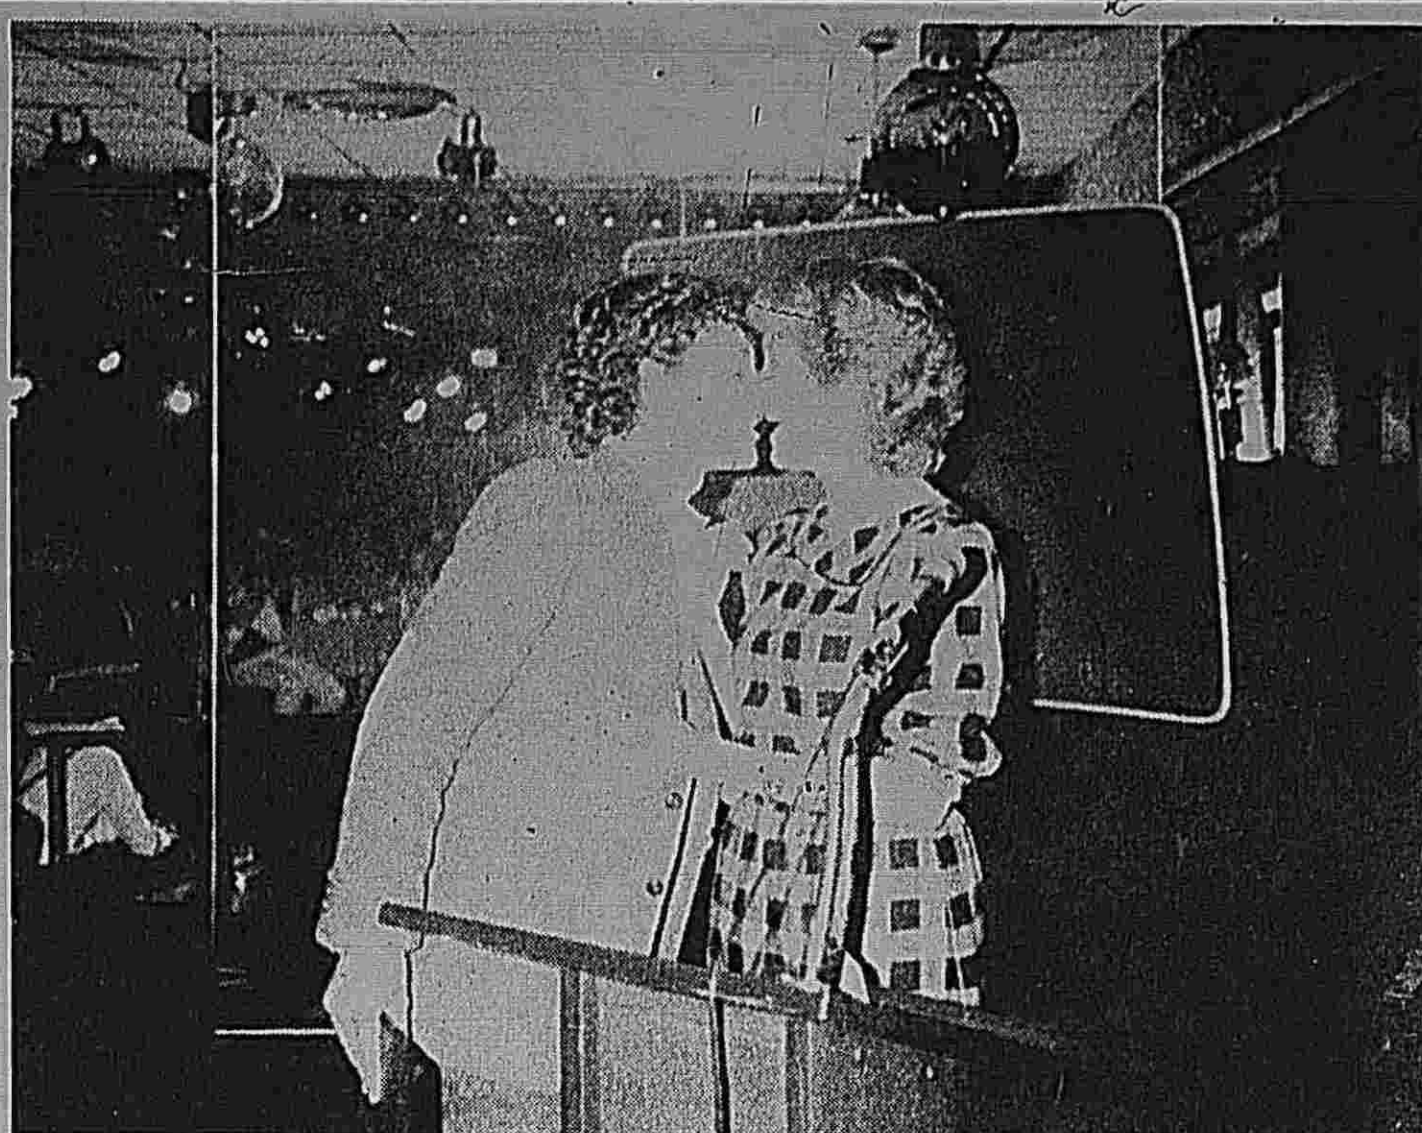

However, Pichler said he does not see that as much of a problem, as he believes most of the board members are in favor of the plan.

"We're just taking it a step at a time. It's a long process," Pichler said.

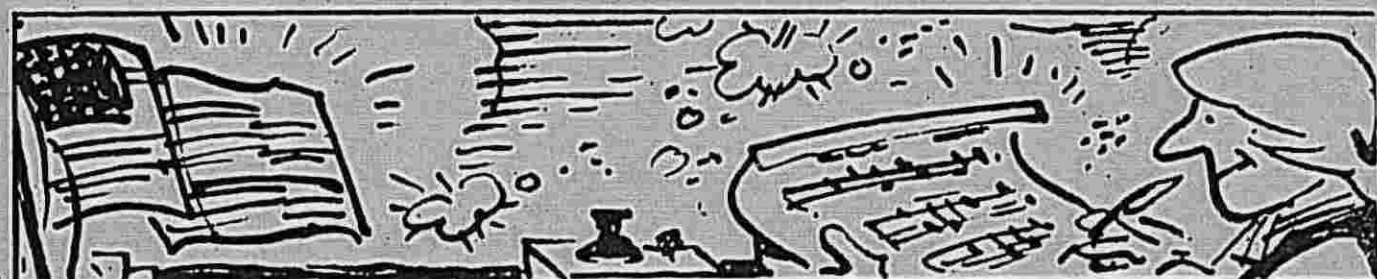

One reason Lake Villa was chosen was its rural location. He said he would rather see the nursing home in a park-like setting than in an institutional setting.

He said he wants to see it fit into a rural environment.

And, of course, the opening of the nursing home would provide jobs for Lake Villa area people, Pichler said.

## Ruggles trial continued

The trial of Robert Ruggles, 48, Antioch, on charges of the attempted murder of his father-in-law John Misek, was due to continue in Lake County Court in front of Judge Fred Geiger on Sept. 10.

Reports are that Ruggles, who suffered a stroke two years ago, had a seizure in the courtroom on Sept. 7.

Antioch Police Chief Charles Miller and Police Lt. Tom Fisher testified for the defense on Sept. 7 as to the change in Ruggles since the stroke.

Ruggles shot his father-in-law on Aug. 23, 1983 saying that he had helped cause a rift in his marriage.

## When I think about it Lottery, good or bad?

by GLORIA DAVIS

Now that all the \$40 million LOTTO hoopla is over and that 28-year-old Chicago printer won all that loot instead of me, who we all know was more richly deserving, maybe you might be interested in some facts about that millionaire-making game.

Did you know that by the end of Illinois' fiscal year of 1983 (June 1983), six new millionaires were made through the winning of LOTTO which had been in existence barely four months.

All of the lottery games brought in approximately \$500 million in revenues to the State of Illinois and with just about half of that going out in prizes, expenses and overhead. Approximately \$214 million went to state funded programs in 1983.

Since 1974 the state's bookkeepers say that by the middle of 1983 the lottery had contributed three-quarters of a billion dollars to such funds.

Illinois State income taxes increased temporarily by only one-half percent in 1983 and the state sales taxes came off of food and drugs then and only went up one percent on other items.

So whether or not the lottery funds went to new programs or to help support old ones, with taxes rising everywhere, maybe the lottery has saved money for the Illinois taxpayer.

Of course that's not considering the recent cuts in state funding which could also account for the constant state tax situation.

One thing that the lottery does do, especially the recent \$40 million one, is let people partake in an unprecedented fantasy. When else can anyone even have a chance (I don't care if its about equal to the chance of being hit by lightning) to win that much moola?

I don't know about you but I felt some special anticipatory vibes while I was checking my \$5 worth of tickets because just maybe---

In 1983 the number of those buying lottery tickets increased 100 percent. With the prize increase, 1984's increase must have been a lulu!

It seems that lottery fever has really gone on the rampage in the last few years. It took lottery sales eight years to reach \$1 billion and that figure was doubled in 1982 and 83.

Inside of one year lottery sales, proceeds and winnings went up almost 50 percent!

Personally, as long as the lottery is well supervised, I don't see a thing wrong with people having the fun of "taking a chance."

With residents of bordering states flocking over state lines to buy lottery tickets, I really don't understand why states like Wisconsin don't keep that money at home by having a state lottery.

Unless it just the total concept of gambling of any kind that one is against, I don't see how a lottery differs from any church sponsored games of chance.

Presumably the operation is an honest one and the proceeds go to a worthwhile cause. To the untrained eyes, the annual report out of the state treasurer's office looks to be a bonafide one.

Saving taxpayers' money seems to me to be about as worthwhile as you can get or am I just being naive?

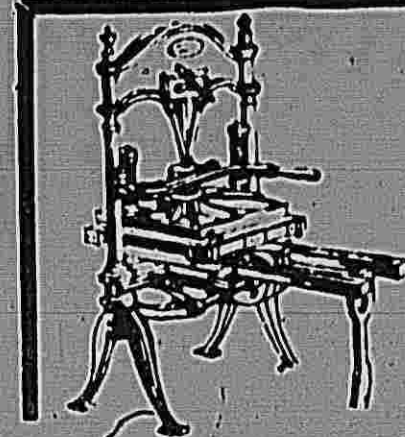

The fact that so many more people bought tickets when the prize went up to \$40 million shows how wacky our money values have become.

The chances of winning are the same every week because they are dependent on the number of possible number combinations.

And the more tickets sold lessens the chances of there being a sole winner.

It seems there are many people who wouldn't bother for \$5 million but its worth standing in line to win \$40 million.

In other words a four hour line wait is only worth a possible \$10 million an hour. Who would bother for a mere \$1 million an hour?

## The Time Machine

FIFTY YEARS AGO, Sept. 13, 1934

Plans to hold the "greatest Antioch Fair ever" were in progress despite crop failures and the depression.

Dan Williamson was elected president of Antioch High School's senior class, Paul Richey, president of the junior class, Roger Hill, presidents of the sophomore class and the freshmen were "procrastinating" about their election.

Frank Whitton of Antioch had a meeting with his brother Charley of Canada in Channel Lake for the first time in 55 years.

Five bandits tied up four employees and a customer of Freddie May's Night Owl Tavern on Antioch's west side while they looted the register and slot machines and stole the Nash sedan from the customer.

An article in the News told that little Shirley Temple lived simply despite her fame and riches and the bowl of corn flakes she ate every night for dinner was recommended by doctors to help children sleep better.

THIRTY YEARS AGO: Sept. 16, 1934

The \$235,000 addition to the Antioch Grade School was dedicated.

Duck hunting in Grass Lake was restricted by the new game reserve.

Local druggist George Borovicka was displaying his 1932 Leland Lincoln sports coupe at national auto shows.

New records were set with over 150 students enrolled in music courses at Antioch High School.

All wool suites were selling in a local men's store for \$38 and Cary Grant was appearing at the local movie theater in "Gunga Din."

John Hojem was appointed president of the Channel Lake Community Club.

Mr. and Mrs. John Horan and mother Ida Osmond returned from a vacation in Florida.

TEN YEARS AGO: Sept. 18, 1974

The Antioch Jaycees contributed almost \$7,000 to purchase playground equipment for Jensen Park.

KenWal Dodge celebrated its grand opening in Antioch.

Paul Pape won the contest by forecasting the score of the Antioch High School football game.

The Antioch Lions Club held a Lion Safari trap shoot.

Bill Brook and Dick Vandenberg had prepared a special giant gun to make their chances in the shoot easier.

Mike Harland and Kevin Walpole romped home in a pre-arranged tie for first place in a cross-country race against Carey High School.

St. Peter's School celebrated its 25th year in operation.

Antioch looked super in the opening football game of the season as they beat Round Lake under Coach Roy Nelson.

## Along the way with ANNIE MAE

What a way to study! Marjorie Allen is earning 14 hours of undergraduate credits this fall while studying at the University of Grenoble, in France in Illinois State University's "Study Abroad Program."

Kristine Cirone and Laura Stalley are also off for Europe. They, along with 111 other students from Augustana College, Rock Island, are studying while traveling through Munich, West Germany, Strasbourg, France and London, England.

OOps! Jean Homan, who used to be a proof reader for the Antioch News, and is now living in Wisconsin, wrote us a little upset because a cutline under a picture in the News had Jim Fields' and Bill Brook's names switched. Sorry about that Jean, would you like your old job back?

Jean is one of the many former residents that keep up with the area happenings through News' subscriptions.

Wow! the construction at Great American Federal Savings and Loan on Lake St. is sure moving along.

Congrats to Steve Lasco who got his degree after the summer session at Western Illinois University.

Another young man on the go is Michael S. Whitehead, son of Murry and Gail Whitehead and a 1982 graduate of Antioch Community High School.

He is in six weeks basic training at Lackland Air Force Base, Texas and will then be trained in the Mechanical Aptitude Index and will be earning credits toward an associate degree in applied sciences through the Community College of the Air Force.

## CLC Library extends hours

The College of Lake County (CLC) Learning Resource Center, located on the Grayslake campus, has announced an extension of its service hours beginning immediately.

The new hours will allow students and community patrons to use the facility from 7 a.m. to 10:30 p.m. Monday through Thursday, from 7 a.m. to 4:30 p.m. on Friday, from 8 a.m. to 1 p.m. on Saturday and 1 to 5 p.m. on Sunday.

These extended service

hours will allow increased access to the John C. Murphy Memorial Library, including its reference and research services, as well as the college's microcomputer lab, all college telecourses and audi-visual materials and a typing room, as well as areas for individual and group study.

The hours were extended as a result of increased student need to have access to these facilities before morning classes and after evening classes. The ex-

tension is currently in place on a trial basis for the fall semester which runs through Dec. 16, but will become permanent if there is a demonstrated need for the additional hours.

The Murphy Library is a member of the North Suburban Library System and as such is open to the public as well as to CLC students.

Questions on library services of hours can be answered by calling the Learning Resource Center at (312) 223-3618.

### Ask Dr. Sven by Robert T. Sven B.S.D.D.S. CHOICE OF FILLINGS

#### Question:

How does a dentist decide what type of filling material to use in different teeth?

#### Answer:

The dentist chooses fillings based on a number of factors: size of cavity and its location, the kinds of chewing stresses it will undergo, and how the finished filling will look, the cosmetic aspect.

The material used for most back teeth and the majority of fillings is silver amalgam, an alloy of silver, mercury, tin, copper and zinc. For cavities of unusual size or those needing extra biting strength where a tooth has lost its wall, gold is recommended. This is not attractive for front teeth; therefore many dentists sacrifice gold's durability for the good looks of synthetic porcelain which can be mixed to match the patient's tooth. Although synthetics do seem to inhibit decay, they tend to "wash out" with the passage of time.

There are newer materials on the market, primarily plastic combined with other materials—i.e. quartz as an aesthetic front filling—and some of these seem to work well and show great promise.

## State Bank of Antioch hikes Jaszkowski, Pirko

State Bank of Antioch officers Wally Jaszkowski, vice president, installment loans; and Bob Pirko, vice president, real estate loans were among 400 students to complete a two-week summer session in a three-year course of study at the Graduate School of Banking in Madison, Wis.

Instruction in the Graduate School of Banking takes place in three two-week summer sessions, along with extension, or home study work, including comprehensive banking problems to be completed in the period between summer resident sessions.

The school, presented by the Central States Conference of Bankers Assn. and the University of

Wisconsin-Madison, was established in 1945 to provide bankers with continuing education in banking, economics and monetary problems. A distinguished roster of speakers at this summer's session included Lee Dreyfus, former governor, State of Wisconsin and present chancellor, University of Wisconsin-Stevens Point, and over 130 leading bankers, economists, educators, consultants and government officials.

Jaszkowski was employed by the State Bank in December 1974. He has taken several courses offered by the American Institute of Banking, and in February 1978, he graduated from the National Installment Credit School at the University of

Oklahoma. Jaszkowski was active for many years in the Antioch Jaycees and served as vice president, secretary/treasurer, and public relations director. He presently resides in Powers Lake, Wis. with his wife, Sonia, and their daughter, Jill.

Pirko joined the State Bank in August 1975. He is a graduate of the University of Wisconsin-Parkside, where he received a degree in psychology. He has also taken many of the banking courses offered by the American Institute of Banking and the National Installment Credit School in Norman, Okla. Pirko is a life-long resident of Antioch, where he now resides with his wife, Brenda.

# Engagement Clerk schedules election classes

**Colleen DeVries and David Valentine**

## DeVries—Valentine

When Colleen J. DeVries' boyfriend asked her to be his Valentine, he wasn't joking around.

The daughter of Bernard and Helen DeVries of Antioch will marry David J. Valentine of Great Lakes at the Antioch Evangelical Free Church in October. He is the son of Ardyce Valentine of Muskegon, Mich.

The bride-to-be is a 1978 graduate of Antioch Community High School and earned a bachelor of arts degree in journalism from Northern Illinois University, DeKalb.

She is employed as a news editor for the Lake Villa Record and the Antioch Reporter, two of the Lakeland Newspapers.

Her fiancé is a chief petty officer stationed at the Great Lakes Naval Training Center and is an instructor supervisor at the Electronics Technicians "A" School at the base.

Lake County Clerk Linda Hess has announced the schedule of election judge classes for the fall.

Classes will be held in four locations throughout the county — Waukegan, Highland Park, Lake Zurich, and Grayslake, for the convenience of all judges.

Registration is handled through the College of Lake County and all judges must pre-register for the classes.

Trained judges receive additional compensation.

Questions: Call the elections department at (312) 689-6628.

Locations of classes listed above.

KCC, Knigge Civic Center, 99 E. Main St., Lake Zurich.

LSEC, Lakeshore Education Center, Room 118-119, 111 N. Genesee St., Waukegan.

WRRC, West Ridge Recreation Center, 636 Ridge Rd., Highland Park.

CLC, College of Lake County, Room: A-162 or L-034, 19351 W. Washington, Grayslake.

Persons may register on the enclosed form or by phone by calling: (312) 223-1111.

Registration Schedule: 10 a.m.-2 p.m. and 4-8 p.m. Monday-Thursday.

## Parks programs start

Glenda Tomaschik, director of Antioch Parks & recreation, announced the new fall and winter program for 1984 and 1985 in out and in the schools.

Anyone wishing to have one may pick one up at the Parks Office or the Antioch Township Office on Rte. 173.

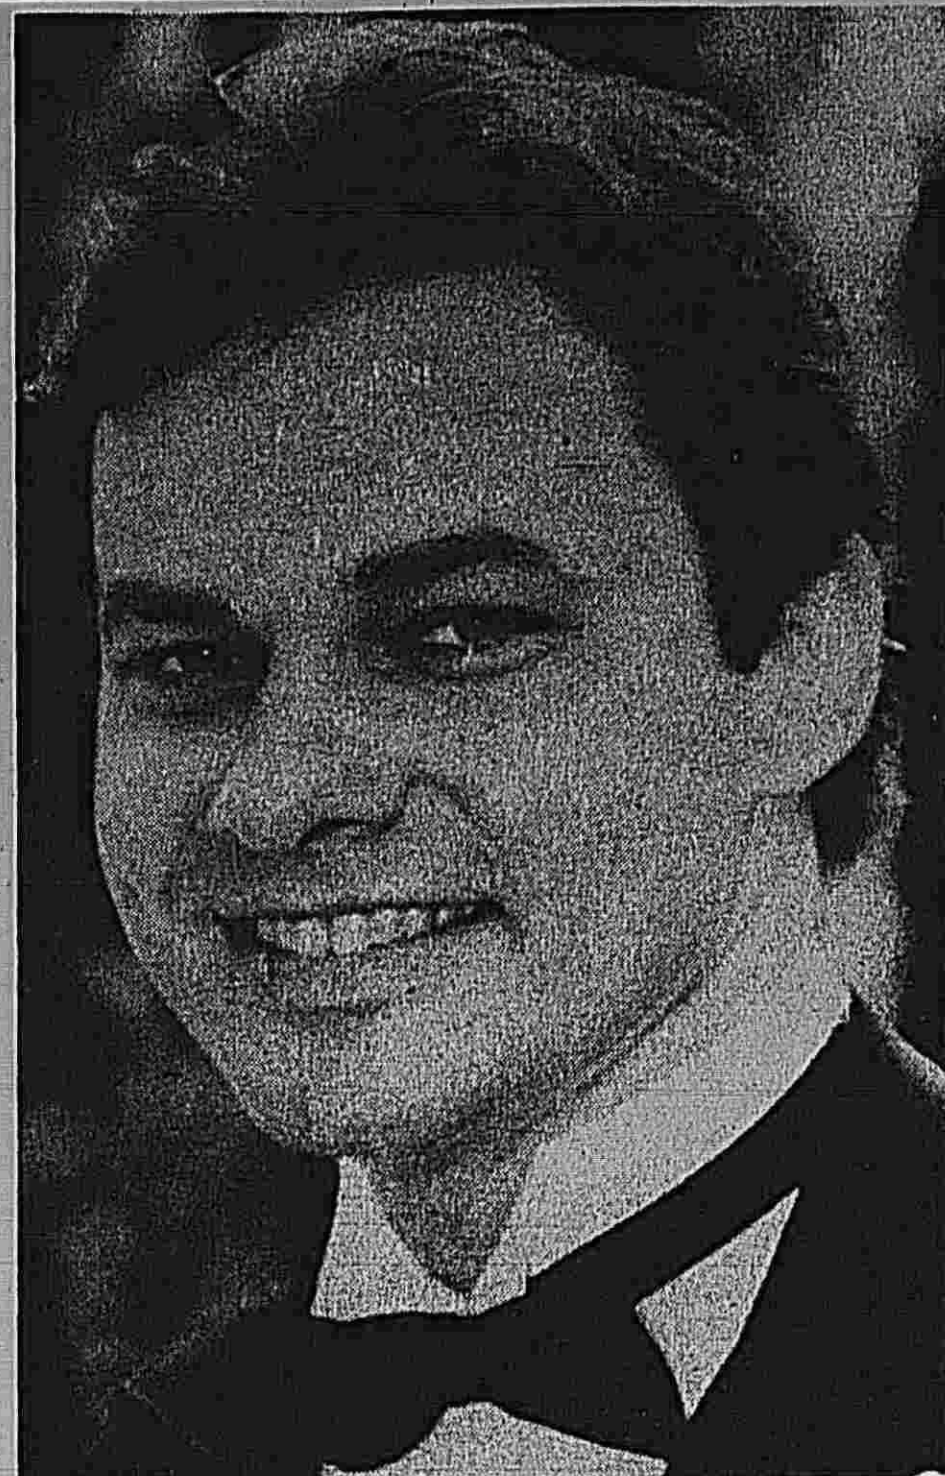

The first program beginning Sept. 17 is the well-known Camp Crayola. The

camp is held at the Scout House in Williams Park from 9 a.m. to noon, two days a week, for three to five year olds. One has a choice of Monday-Wednesday or Tuesday-Thursday mornings.

The cost is \$40 if you live in the Township and \$45 if you live outside the township. For registration you may call Glenda at the Parks Office at (312) 395-2160.

"Advertisements are the most interesting and difficult of modern literary forms."

## Bank appoints Kepplinger to office

Ted C. Axton, president of the First National Bank of Antioch has announced on behalf of the bank's board of directors the addition of Clark Kepplinger to the bank's staff as senior vice president in charge of loans.

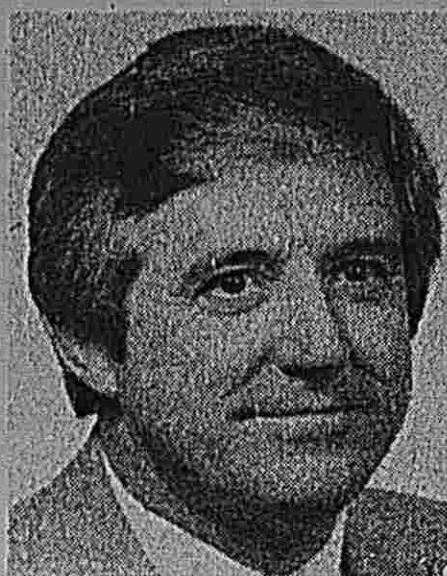

Kepplinger has 16 years of banking experience, recently being employed as a senior vice president at Streator National Bank in Streator.

Kepplinger is a graduate

of the University of South Dakota, where he received his bachelor of science degree in education, and the school of banking at the University of Oklahoma. He is active with the American Institute of Banking and the Bank Administration Institute.

"Clark brings with him an outstanding record of achievement in commercial and consumer lending. He is

a community minded banker and is enthusiastic about

Clark Kepplinger

joining the Antioch Community," stated Axton.

Kepplinger and his wife Kathy, have three children: Missy, 15, Christie, 16, and Shari, 20. They currently rent a home close to Antioch and plan on purchasing a house in Antioch next spring.

## Antioch stumbles to victory in opener

The Antioch High School varsity football team scored on a six yard touchdown run, by Pat Bruks, with only minutes remaining to defeat Mundelein 7-0 on Sept. 8.

The game was marked with turnovers throughout, due to a heavy rainstorm that continued through the third quarter. Antioch will play at home next Saturday, Sept. 15 against Lake Forest.

Steve Wapon Antioch head football coach said he ex-

pected a low scoring defensive game.

"Both ourselves and Mundelein have good defenses, and since this was the first game of the season we expected a low scoring contest," Wapon added.

The winning touchdown was set up when Tom Homan recovered a fumble for Antioch. "The fumble recovery was a big play, because it gave us a chance to win," Wapon added.

The Sequoits will have to

be at the top of their game next week against Lake Forest if they are to win. "We know that Lake Forest is a fine coached team, but we also know that if we play our game we will beat them," Wapon said.

"If we can have a dry day next Saturday, we will be able to run our offense more effectively," Wapon added.

## Promote Korom

Ted C. Axton, president of the First National Bank of Antioch has announced on behalf of the bank's board of directors, the promotion of Louis Korom, III from vice president and cashier to senior vice president and cashier.

Korom has been with First National Bank of Antioch for nine years, working in

various areas of the bank including commercial lending and operations.

He received his bachelor of science degree in finance from the University of Akron in 1975. He is a graduate of the Southwestern Graduate School of Banking at Southern Methodist University, in Dallas, Tex. and

holds an American Institute of Banking basic and standard certificate.

He is a past member of the board of the Antioch Jaycees and has served on the Council of St. Stephen's Lutheran Church in Antioch.

He, his wife, Terry, and their two sons, Louis IV and Benjamin reside in Antioch.

## Sabin

(Continued from Page 1)

The sheriff has warned area people to show extra safety precautions and report any unusual happenings or unfamiliar people in the neighborhood.

The Geldens have many relatives in Antioch and Lake Villa. In fact Gelden Rd. which runs off of Rte. 173, just past Deep Lake Rd. was named after their grand-

father's 40-acre farm that used to be in the area.

At press time, the sheriff had received the autopsy report but was giving out no further information.

Heard over the police scanner was a deputy telling the dispatcher to call WLS-TV in Chicago to tell them that their equipment had been confiscated and a cameraman was under arrest at the scene of the murders.

## Rotary grateful for help

The Antioch Rotary Club would like to thank the public for the support at the annual scholarship race held at Wilnot Speedway.

The proceeds from the race are used to award several scholarships to Antioch highschool seniors for both academic and vocational excellence. In

1984 the Antioch Rotary Club awarded \$5,500 in scholarships.

Jack Seigmeier president commented that he couldn't believe the turnout, the crowd really enjoyed the evening which was highlighted by several races involving cement trucks,

garbage trucks, and dump trucks along with several stock car races driven by rotarians.

Antioch residents are looking forward to the famous Rotary Pork Chop Barbeque and auction on Sept. 29 at the VFW Hall on North Ave.

### First Aid

Victory Memorial Hospital will begin a new, certified Red Cross first aid course for interested persons 13-years-old or more as soon as enough people register. Classes will meet from 7 to 9:30 p.m. one weekday for three consecutive weeks at the hospital, 1324 Sheridan Rd., Waukegan. Cost is \$10 which includes books and practice materials. Call (312) 578-4179 for further information or to register.

### Blood Pressure

Free blood pressure screening will be offered by Victory Memorial Hospital volunteers from 1 to 3 p.m., Sept 17 in the hospital lobby, 1324 N. Sheridan Rd., Waukegan. Appointments are not needed.

Left untreated, high blood pressure (hypertension) increases the risk of premature illness or death from stroke, heart or kidney failure, or from coronary heart disease.

Commonwealth Edison

"They have to go back to school one week out of every six.

"And every year, pass a test to prove they can still do their job right.

"Survive six long hours of questions that take a real knowledge of algebra, chemistry, nuclear physics, thermal hydraulics and a whole lot more.

"And those are just the fundamentals.

"All told, we give our operators more training than a commercial pilot has to have.

"Those aren't the kind of shoes everybody wants to be in. But it's the only way we'll let you get behind the controls of one of Commonwealth Edison's

nuclear power plants.

"It's too big a responsibility to ask for anything less.

"So taking it on isn't something you can feel

lukewarm about. It takes too much blood. And sweat. And even tears sometimes, if you've got any pride.

"That's a rare kind of commitment, but it's pretty common out here."

Commonwealth Edison  
Doing things right.

*And proud of it.*
